Rutgers University
P.O. Box 1059
Piscataway, NJ 08855-1059

Re: Grant #2447

Dear Dr. Hart:

The Scientific Director and CTR's staff have discussed your request for partial support of the 1988 "*Northwest Regional Conference on Developmental Biology*" to be held in Wood's Hole, MA, November 17-20, 1988. The program contains topics of interest to The Council, and the list of speakers ensures that the quality of the meeting will be high.

Although it is unusual for this organization to support symposia emphasizing student attendance, we feel this conference with its unique approach and setting is also unusual and worthy of support. We are doubly pleased that we will be helping to recognize the centennial of the Marine Biological Laboratories from which have come so many important advances in modern Biological Science. I therefore am glad to tell you that we will make a contribution of $1,000.00 to help defray the costs of the conference. A check for that amount is enclosed with this letter. It would assist in our record-keeping if we could have a short written acknowledgement of the contribution.

In accordance with our standing practice, we request only that these funds not be used to reimburse expenses incurred by any participants from the industrial sector. We also would very much appreciate it if the organizers would hold open one registration slot for attendance by a representative from this organization.

Sincerely,

Harmon McAllister

Harmon C. McAllister
